## SUMMARY

Dependable and self-motivated professional with ten years experience in a high-pressure office environment, seeking to start a career as a full-time developer. Software developer with a proficiency in Front-end development. Hoping to combine my business oriented skills, technical knowledge and attention to detail to provide an exciting and easy-to-use app experience for users.

## EXPERIENCE

### Junior Front End Developer

#### Codebility

■ 2024 - Ongoing    📍 Remote

Codebility is a start-up company that aids aspiring developers to strive and achieve their goals in the IT industry.

- Responsible for coding user-side applications
- Collaborates with other team members and tracks changes in codebases.
- Builds reusable code for future use. Optimizing web pages for maximum speed and scalability.

#### Cook

#### McDonald's

■ 2022 - Ongoing    📍 Tokyo-to Koto-ku, JP

Responsible for preparing meals during breakfast, lunch, and dinner rush hours. They follow recipes with great attention to detail and apply food safety principles.

### Financial Accountant

#### JPMorgan Chase Co.

■ 2010 - 2018    📍 Bonifacio Global City, Taguig City, PH

Responsible for providing timely and accurate reporting to our clients for the funds which contain a wide mix of asset types. Also for reviewing all the data for the processing and reporting of the transactions from the investors.

- Became a Subject Matter Expert (SME) for Capital Interfunding Processing and has provided training for the months May-June 2014 to support a business balancing initiative.
- Became the POC for training and development for both Capital Interfunding Processing Team and Registry Team.
- Became a Subject Matter Expert (SME) for the Xceptor project and has provided training for the new employees taking on the project.

## STRENGTHS

### 📦 Eager to learn new skills

Given that the industry is always evolving, I am constantly seeking for new ways to grow and expand my skill sets.

### ☆ Detail-Oriented

Committed to precision in design implementation.

### 🕒 Time Management

I always plan my workload so that I can meet deadlines.

### 👥 Collaborative

I love to share my ideas and learnings to other team members and I believe that working with a team would make the result less prone to error and be the best it can be.

## SKILLS

HTML • CSS • SCSS • JavaScript • Typescript •

React • NextJS • React Router V6 • Material UI •

Tailwind • Front End Development • GIT/Github

## PASSIONS

### ✳ Technology Exploration

Passionate about exploring and mastering emerging tech trends.

### 🌟 Coding Challenges

Love solving complex problems and challenges through coding.

### ♥ Gaming

I love RPG games that use the mind and simulation games that involve planning to achieve a certain end result.
